Tulsi Paints - Rangtarang - Painter
11/10/2018 - 17/01/2019
App for Tulsi Paints Painters and for Dealers. They can earn points and redeem gifts in app. It heleped lot to increase in business and for painters too..
http://play.google.com/store/apps/details?id=com.tulsipaints.rangtarang.painter

Color Palette App for Tulsi Paints-
I developed this app for Tulsi Paints (Nanded). On their requirement i have developed and designed this app. I have implemented Json Parsing and also some animation in it. Also screen brightness increases when app starts, as per requirement.

T-Plast Comparison App -

T-Plast is developed for dealers of Tulsi Paints. App is developed and designed as per their requirement. It was tedious work for their dealers to do calculations by manually adding formulaes, but now this app helps them lot to calculate easily

INTERNSHIP

Coco NeoBank -
I was intern at this company as Android Developer, got experience of developing, designing and launching apps. Internship period was 2 months.

ScrapShut -
I was intern at this company as Android Developer, I developed app for ratting websites across WWW. Learned so many new skills required other than programming.

ADDITIONAL DETAILS

I am Android Developer and have deployed many realtime projects in real world. I also develop Websites and Desktop Applications (Windows). By getting experience from various internship program's I have developed various skill's in every field of Information Technology.
I spend a lot of my time in learning and developing new skills which helps projects to be developed at great interface.
I am developing apps for Tulsi Paints (Nanded)
I also learn and develop app and publish on Google Play Store.
I upload apps as OkCoding, ZeroBug on Google Play Store.
